Project Name & Location	Nature of Firm's Responsibility	Project Owner's Name & Address and Project Manager's Name & Phone Number	Completion Date (actual or estimated)	Entire Project	Work for Which Firm Was/Is Responsible
<b>Pratt &amp; Whitney Multiple Projects</b> 400 East Main Street East Ford, CT	Multiple Projects Roof Replacement Design Services	Pratt & Whitney 400 East Main Street East Hartford, CT	January 2006	\$3,500,000 +/-	\$3,500,000 +/-

In July, 2005, we were requested by Johns Manville Corporation to assist them with several project designs at the Pratt & Whitney facility located in East Hartford, CT. The projects included over 575,000 square feet of roof area on “J” Building, “M” Building, the Executive Parking Garage, the OBE Office Building and Building 110 located at the Pratt & Whitney Middletown Facility.

We completed all of the roof replacement designs before the end of August, 2005 and the projects were bid out and awarded by Pratt & Whitney personnel to the local roofing contractors located in the East Hartford geographic location. We have continued to provide technical assistance to Pratt & Whitney and Johns Manville while the roof systems are being removed and replaced.

Each of the above design projects was turned into FM Global by Pratt & Whitney for approval with no corrective action required prior to acceptance.
